

**Cincinnati Centerless Grinder
#2EA / #2OM Regulating Wheel Housing Assembly**

Centerless Grinding Solutions includes the following items in the remanufacturing process of the Regulating Wheel Housing Assembly:

- Reconditioned spindle shaft back to OEM standards
- New bronze bearings, hand scraped, to a precision mated fit
- New 7-piece roller thrust bearing
- Mating surfaces scraped flat
- New gaskets, seals, and hardware
- Housing is stripped, cleaned and painted
